RESIDENTS RIGHTS #15

EVERY RESIDENT 'who is dying or who is very ill has the right to have family and friends present 24 hours per day.'

In other words... You have the right to have your family with you when your health is critical. If you want them there, they can be with you day and night and can stay as long as they want.

FYI

- Our nursing and personal service envelopes have been impacted for this fiscal year therefore; we were required to make some adjustments. At this time it will not influence our staffing.
- The government has also made a modification to physiotherapy services which will now come out of our Personal Service envelope (Programs) which makes an impact as well.
- Emergency Department pressures - the city has developed contingency plans to off load pressures to meet Patients' health care needs in a timely manner. To do this they are utilizing Leamington Hospital ER. This greater distance of transportation back to our home will be an additional cost to the Resident or family. If you have any questions please contact the RN, MRCs or Sandra in the front office.
- Our Foot Nurse, Pam Garrod has retired. We wish her all the best!
- Thank you to those of you who participated in the Flash Mob. We will let you know when the final video is ready to view!
- When a resident deceases in the hospital we will call a Code Pink and gather on their home area to remember them
- New team members are being hired which means new faces! Please welcome them.
- Accreditation is coming in 2020! We are preparing and have not stopped our quality endeavors and working towards our strategic directions. Stay tuned for more information and dates! If you would like to be part of the accreditation process, talk to Sandra in the front office.

LIFE STORY

My name is Jeanne Maria Croteau and this is part of my Life Story. I like to be called 'Jeannie'. I was born in Quebec and I speak French and English. My husband Leo and I were married for 45 years! I have 6 children - Denis, Daniel, Louise, Lucie, Francois and Richard as well as 15 grandchildren and 4 great grandchildren. I was a stay at home mom and enjoyed sewing, cooking and baking homemade bread. I had a favourite dog called 'Pom Pom'. My favourite food is a steak done medium, I listen to country western music and watch French programs on TV. My children and my friends are very important to me. Something interesting you should know about me is that I am afraid of the dark.

Happy Fall!!

'A POSITIVE NOTE'

(To help stop the 'Stinkin Thinkin'!)

Just a little something uplifting for the day.

- ★ On a positive note I've learned that no matter what happens or how bad it seems today, life does go on and it will be better tomorrow.
- ★ I've learned that you can tell a lot about a person by the way he/she handles these three things: a rainy day, lost luggage, and tangled Christmas tree lights.
- ★ I've learned that regardless of your relationship with your parents, you'll miss them when they're gone from your life.
- ★ I've learned that making a 'living' is not the same thing as making a 'life'.
- ★ I've learned that life sometimes gives you a second chance.
- ★ I've learned that you shouldn't go through life with a catcher's mitt on both hands. You need to be able to throw something back.
- ★ I've learned that if you pursue happiness it will elude you. But if you focus on your family, your friends, the needs of others, your work and doing the very best you can, happiness will find you.
- ★ I've learned that whenever I decide something with an open heart, I usually make the right decision.
- ★ I've learned that even when I have pains, I don't have to be one.
- ★ I've learned that every day you should reach out and touch someone. People love that human touch - holding hands, a warm hug or just a friendly pat on the back.
- ★ I've learned that I still have a lot to learn.
- ★ People may forget what you said, people may forget what you did but people will never forget how you made them feel!
- ★ I've learned that you should pass this on to someone you care about. I just did. Sometimes they just need a little something to make them smile.
